

Brewery Delivery Driver

The Job

We currently have an opening for a highly motivated Delivery Driver. It is most important that you enjoy driving and that you are prepared to do a job which is physically demanding with heavy lifting. As our Driver, you will be routinely delivering to customers 4 days a week but also spending one day a week at the brewery cleaning casks as well as undertaking vehicle checks; recording and reporting of vehicle condition and maintenance. You will receive full training in all processes and would be expected to work without supervision. It is also desirable that you have good general practical and problem solving skills and a track record in the workplace to prove this.

Main responsibilities will include, but not be limited to

Dispatching and delivering orders to our customers, vehicle checks and maintenance, cleaning casks & kegs; other general maintenance tasks and warehouse duties; some brewhouse work and receiving and handling raw materials, opening and securing the brewery yard.

Working hours

This is a full-time position. Flexibility on early start / late finish times and occasional weekend work will be required.

Pay

Generous reward package commensurate with skills, to be reviewed after a 6-month probationary period. Salary range £17,500 to £20,000.

Training

Full on the job training will be given to the successful candidate.

Dress

You will be provided with warm waterproof clothing and company logo wear as part of the job is spent outside in all weathers. You will also be issued with all necessary personal protective clothing and equipment.

Personal Requirements

- For insurance purposes candidates must be over 25 years old
- Possession of a full driving licence with experience of van driving is essential
- Be responsible for performing vehicle checks; recording and reporting of vehicle condition and maintenance
- You should be able to accept and carry out verbal instructions and possess excellent communication and observational skills
- Cash handling experience and a proficient level of numeracy is desirable
- An ability to work alone for lengthy periods of time
- A reasonable level of IT competence to use the brewery software and Microsoft Office
- A good aptitude and approach to practical and manual tasks
- Reliability and responsibility regarding hygiene, health and safety and environmental issues
